

# NOVEMBER NEWSLETTER

## Spotlight on Awareness

### Child Safety and Protection Month

Raise awareness for daily risk of injury to children for preventative measures with daily routines including wearing a helmet, preventing choking hazards, learning safety crossing the street, and more.

### National Epilepsy Awareness Month

Spreading awareness of epilepsy symptoms and hazards to advocate for research, safety training, and public awareness for safety measures in the community.

## Community Food Connections

Due to the government shut down and SNAP benefits being frozen beginning November 1<sup>st</sup>, we attached the link for local food drives with different zip codes around the city. Follow our instagram for other updates and resources throughout the month.
